

Welcome to the Experience
Bay Area Science & Engineering Fair

“BIG IDEAS ... INFINITE POSSIBILITIES”

We are excited that you are participating in this unique science fair and we hope that you find it to be a valuable experience. We expect over 500 students to come together for this event, and we're glad that you're one of them.

We wish you success in your scientific experience at BASEF.

BASEF Organizing Committee

Project Check-in, Set-up and Safety Inspection in 5 Easy Steps

STEP 1.

Check-in at the **Onsite Registration Area** at the Entrance to the Gymnasiums at Mohawk College, where you will verify the location your project and finalize all registration requirements, as well as pickup your official BASEF Program.

STEP 2.

Proceed to the project area, locate your table number and set up your display.

STEP 3.

After your project is set up, go to the **Safety Check Table**, sign-in and return to your project where you will wait for a Safety Inspector.

If the Safety Inspector recommends changes to your display for health & safety reasons, you can borrow tape, tools, markers, pens, etc., for repairs or modifications at the **Fix-It Table**.

If you have a problem or need help, you can find a BASEF Safety representative at the **Safety Check Table**.

Note:

Your project cannot be displayed at the Fair until it has passed a safety inspection.

STEP 4.

Go to the **Life Touch Photo Table** to have your BASEF photo ID card picture taken.

STEP 5.

Proceed to the **Goodie Bag Table** to receive your BASEF Goodie Bag.

Failure to complete project check-in, set-up and receive a completed Safety Inspection during this period may result in your project not being judged at all.

If you have any questions come to the **ONSITE REGISTRATION AREA** at the main entrance.
